SCOTTISH BOWHUNTER CHAMPIONSHIPS 2013

BORDER REIVERS 3D COURSE

18/19 MAY 2013

COMPETITION REPORT & FINAL RESULTS

The SFAA Scottish Bowhunter Championships were held over the weekend of 18th/19th May. Once again Border Reivers placed their excellent course at the disposal of the SFAA for the Championships. 100 3D targets were shot each of the two day competition and they were "challengingly" placed in the 40 shooting lanes of the course. The weather was not the best on Saturday and, although the persistent heavy showers added to the challenge of shooting, the appetising smell of the pies and bacon rolls wafting through the woods helped to motivate us around the course. The weather brightened up for Sunday and in all 30 archers took part in the competition. SFAA archers were joined by guest archers from Scotland and England as well as 4 archers who travelled from Ireland. All those who attended enjoyed the weekend despite the weather on the first day. Photographs and archers comments are additionally available on the Associations FaceBook.

Our sincere thanks to Sid, David and their team for their hard work and course setting skills in providing such an excellent challenging course. Special thanks to Ann & helpers in the kitchen for the cheery words and keeping the hungry archers fed, the pies & beans were just great. To the SFAA competition admin and last but not least a **big thank you** to the archers who made the effort to come along and participate. Great to see you and thank you for donating those arrows that are still happily flying somewhere 😊, broken or simply M.I.A. Congratulations to the medallists who shot so well and as for me and the others "**oh well, there's always next year**". Hopefully we can all try and encourage a good number of our fellow archers to come along and enjoy the challenge next year, take care and "**GOOD SHOOTING**".
